

Meeting Minutes May 8th, 2012.

These are going to be very brief as this was my first meeting with the HRHS and I was just absorbing the dynamics of the group and trying to come into the conversation in the middle of many items being discussed:

1st Event: May 21st from 7-9pm with be Nikola Tesla.

- 150-200 people
- we need to do drinks and snacks for those in attendance

501C3 form?

July 4th Parade:

- start working on idea for the "band" or "music" on the float
- be there on July 3rd at 5pm to set up the float. Murdochs is the location

Docents:

- June 15th at the Mansion grand re-opening. This is a privilege to see the Mansion and be a part of the early opening.
- Training is June 11th.

Lots of discussion on various topics that have been going on a while, but I am not up to speed with.

Not much headway on many items as there is a divide about how to handle certain items.
